ORDER

Adopted: October 30, 2008

Released: October 30, 2008

By the Acting Chief, Telecommunications Access Policy Division, Wireline Competition Bureau:

I. INTRODUCTION

1. In this order, we grant requests by 18 schools and libraries (collectively, Petitioners) for review of decisions by the Universal Service Administrative Company (USAC) denying applications or rescinding funding for discounted services under the schools and libraries universal service mechanism (also known as the E-rate program). USAC denied the Petitioners' applications for Funding Years 2004, 2005, 2006, and 2007 on the grounds that they violated the Commission's requirement that a legally binding agreement be in place when the FCC Form 471 application is submitted. We also grant one appeal from an applicant that had its funding commitment reduced on the grounds that an existing contract expired without the applicant posting a new FCC Form 470 for services to be provided for the remainder of the funding year. Upon review of these records, we find that the issues raised in seven appeals were recently addressed by the Commission in the Adams County Order. We further find that

1 See Appendix for a complete list of Petitioners. Section 54.719(c) of the Commission's rules provides that any person aggrieved by an action taken by a division of the Universal Service Administrative Company may seek review from the Commission. 47 C.F.R. § 54.719(c).

2 One applicant, Barberton City School District (Barberton), was denied funding because USAC found that the contract expiration date on its FCC Form 471 changed from the previous year's FCC Form 471. While the changed expiration date was the stated reason for the denial, USAC also found, during its Program Integrity Assurance (PIA) review, that Barberton entered into a contract after the FCC Form 471 certification postmark date. See infra para. 5. Funding Years run from July through June, e.g. Funding Year 2004 ran from July 1, 2004 to June 30, 2005.

the appeals of 11 Petitioners should be granted on the merits. We therefore remand the underlying applications to USAC for further action consistent with this order. To ensure that the underlying applications are resolved expeditiously, we direct USAC to complete its review of each application listed in the appendix and issue an award or denial based upon a complete review and analysis no later than 90 days from the release of this order.⁵

II. BACKGROUND

2. Under the E-rate program, eligible schools, libraries, and consortia that include eligible schools and libraries may apply for discounts for eligible telecommunications services, Internet access, and internal connections.⁶ The Commission's rules provide that an eligible school, library, or consortium must seek competitive bids for all services eligible for support.⁷ In accordance with our rules, an applicant must file with USAC an FCC Form 470 requesting services.⁸ After the FCC Form 470 is posted to USAC's web site, the applicant must wait 28 days before entering into an agreement with a service provider for the requested services and submitting an FCC Form 471.⁹ Section 54.504(c) of the Commission's rules also states that the FCC Form 471 requesting support for the services ordered by the applicant shall be submitted "upon signing a contract for eligible services."¹⁰ Specifically, the instructions for FCC Form 471 state that applicants must have a "signed contract" or a "legally binding agreement" with the service provider "for all services" ordered on the FCC Form 471.¹¹

County Order) (finding good cause to grant a limited waiver of the Commission's contract rules and procedures for several applicants).

⁵ In performing a complete review and analysis of each underlying application, USAC shall either grant the underlying application before it, or, if denying the application, provide the applicant with any and all grounds for denial.

⁷ 47 C.F.R. § 54.504. There is one limited exception for existing, binding contracts signed on or before July 10, 1997. *See* 47 C.F.R. § 54.511(c).

¹¹ Instructions for Completing the Schools and Libraries Universal Service, Services Ordered and Certification Form, OMB 3060-0806 at 19 (November 2001) (FCC Form 471 Instructions). There are two exceptions to this rule: non-contracted tariffed services and certain month-to-month services. If the services are month-to-month, applicants can instead submit copies of standard monthly bills as proof that they have binding, legal arrangements with service providers. *Id.*

3. To ensure that applicants are in compliance with our competitive bidding rules, applicants must file a new FCC Form 470 when the existing contract ends.¹² When contracts expire at the end of the original term, the applicant must post a new FCC Form 470 for services provided beyond the contract expiration date.¹³ An applicant does not need to post a new FCC Form 470 each year when it has a multi-year contract or when exercising a contract's voluntary renewal provision if the applicant indicated that it was seeking a contract with those terms when it originally filed the FCC Form 470.¹⁴

4. Eighteen Petitioners have requested a waiver of our rules or a review of USAC's decision to deny or rescind funding because they did not have a legally binding agreement in place when their FCC Form 471 application was submitted or because their contract expired before the end of the funding year.¹⁵

III. DISCUSSION

5. We grant relief to 18 Petitioners seeking a reversal of USAC's decisions to deny or rescind their requests for universal service funding under the E-rate program. For seven Petitioners, we grant a limited waiver of section 54.504(c) of our rules and remand the underlying applications associated with these appeals to USAC for further action consistent with this order.¹⁶ We grant 11 Petitioners' appeals on the merits because these Petitioners demonstrated that they had in place contracts that met the Commission's rules and procedures when submitting their FCC Forms 471. In remanding these applications to USAC, we make no finding as to the ultimate eligibility of the services or the petitioners' applications.¹⁷ We remind USAC of its obligation to independently determine whether the disbursement of universal service funds would be consistent with program requirements, Commission rules and orders, or applicable statutes and to decline to disburse funds where this standard is not met. To ensure that the underlying applications are resolved expeditiously, we direct USAC to complete its review of each

¹⁵ See 47 C.F.R. § 54.504(c). Although there is no specific provision in the Commission's rules that requires applicants to file a new Form 470 for services that extend beyond the contract expiration date, this principle is implicit in the program requirement that all services funded by the schools and libraries program be competitively bid. See 47 C.F.R. 54.504(a).

¹⁶ The Commission may waive any provision of its rules on its own motion and for good cause shown. 47 C.F.R. § 1.3. A rule may be waived where the particular facts make strict compliance inconsistent with the public interest. *Cellular Telephone Co. v. FCC*, 897 F.2d 1164, 1166 (D.C. Cir. 1990) (*Northeast Cellular*). In addition, the Commission may take into account considerations of hardship, equity, or more effective implementation of overall policy on an individual basis. *WAIT Radio v. FCC*, 418 F.2d 1153, 1157, (D.C. Cir. 1969), *affirmed by WAIT Radio v. FCC*, 459 F.2d 1203 (D.C. Cir. 1972). In sum, waiver is appropriate if special circumstances warrant a deviation from the general rule, and such deviation would better serve the public interest than strict adherence to the general rule. *Northeast Cellular*, 897 F.2d at 1166.

¹⁷ Additionally, nothing in this order is intended: (1) to authorize or require payment of any claim that previously may have been released by a service provider or applicant, including in a civil settlement or plea agreement with the United States; or (2) to authorize or require payment to any person or entity that has been debarred from participation in the E-rate program.

application listed in the appendix and issue an award or denial based upon a complete review and analysis no later than 90 days from the release of this order.

6. Appeals Granted by Waiver. Based on the facts and circumstances of these specific cases, we find that good cause exists to grant a limited waiver of section 54.504(c) of the Commission's rules for six Petitioners: Barberton; Coffee County School District; Kings River Elementary School District; Manatee County School District; Midwest City-Del City Independent School District; and Urban Day School.¹⁸ These Petitioners claim that their employees erred or they misunderstood the rules.¹⁹ Specifically, Barberton certified its FCC Form 471 three days before the contract was awarded to its service provider.²⁰ Coffee County School District submitted its FCC Form 471 the evening before signing its contract, mistakenly believing that USAC would consider the form submitted the next business day.²¹ Kings River Elementary School District signed its contract 10 days after submitting its FCC Form 471, but had written a signed and dated acceptance letter before the FCC Form 471 was certified.²² Manatee County School District had a valid Funding Year 2005 multi-year contract in place for the relevant funding period, but mistakenly reposted for the same services in subsequent years and executed new contracts each year, including one contract that was not signed by the applicant when it filed its Funding Year 2006 FCC Form 471.²³ Midwest City-Del City Independent School District entered into a five-year agreement, renewable on an annual basis, in Funding Year 2005 with its service provider and inadvertently signed a contract renewal three days after certifying its FCC Form 471 in Funding Year 2007.²⁴ Urban Day School's service provider signature date and the effective date of the agreement were both February 7, 2007, before the FCC Form 471 was certified on February 8, 2007.²⁵ Urban Day School, however, did not sign the contract until five days after the FCC Form 471 was certified.²⁶

7. As the Commission found in the *Adams County Order*, these mistakes do not warrant the complete rejection of these Petitioners' applications for E-rate funding.²⁷ Although the record demonstrates that Petitioners' contracts had minor errors or were not signed and dated by both parties before the Petitioners filed their FCC Forms 471, they all had some form of an agreement in place during the relevant funding year prior to the filing of their applications.²⁸ Importantly, these appeals do not

involve a misuse of funds. The Commission recently found in the *Bishop Perry Order* that, under certain circumstances, rigid adherence to certain E-rate rules and requirements that are “procedural” in nature does not promote the goals of section 254 of the Act – ensuring access to discounted telecommunications and information services to schools and libraries – and, therefore, does not serve the public interest.²⁹

8. We also find that good cause exists to grant a waiver for Middle Georgia Wilderness Institute, which was denied funding on a month-to-month basis after the contract with its service provider expired several months before the end of the E-rate funding year.³⁰ Middle Georgia Wilderness Institute entered into a multi-year contract in 2005 that expired on February 3, 2008.³¹ The school continued to receive services on a month-to-month basis from the same service provider after the contract ended, but was denied funding by USAC.³² Consistent with the *Adams County Order*, we waive USAC’s requirement that the contract expiration date coincide with the end of the funding year.³³

9. As the Commission found in the *Adams County Order*, these mistakes do not warrant the complete rejection of these Petitioners’ applications for E-rate funding.³⁴ Although the record demonstrates that Petitioners’ contracts had minor errors or were not signed and dated by both parties before the Petitioners filed their FCC Forms 471, they all had some form of an agreement in place during the relevant funding year prior to the filing of their applications.³⁵ Importantly, these appeals do not

mistaken impression that Barberton had a multi-year contract when, in fact, Barberton entered into two separate one-year contracts that each had differing expiration dates. Request for Review by Barberton City School District at 3. Upon review of the record, we find that Barberton had two separate contracts that complied with E-rate program rules for two separate funding years. Therefore, since Barberton did not have a multi-year contract, we find it is acceptable that Barberton’s FCC Forms 471 had different expiration dates for Funding Years 2003 and 2004.

²⁹ See *Request for Review of the Decision of the Universal Service Administrator by Bishop Perry Middle School, et al., Schools and Libraries Universal Service Support Mechanism*, File Nos. Moreover, as noted in the *Bishop Perry Order*, many applicants contend that the application process is complicated and time-consuming, and the Commission has started a proceeding to address, among other things, modifying the application and competitive bidding process for the schools and libraries support mechanism. ³⁵ We also grant Barberton’s appeal with respect to being denied funding because its contract expiration date changed from the previous year’s FCC Form 471. See *supra* n.2. Barberton notes that USAC was under the mistaken impression that Barberton had a multi-year contract when, in fact, Barberton entered into two separate one-year contracts that each had differing expiration dates. Finally, granting these appeals should have minimal effect on the Universal Service Fund (USF or the Fund).³⁷ Accordingly, we find that good cause exists to grant Petitioners a limited waiver of our rules, and remand these matters to USAC for further processing consistent with our decision.³⁸

rules for two separate funding years. Therefore, since Barberton did not have a multi-year contract, we find it is acceptable that Barberton’s FCC Forms 471 had different expiration dates for Funding Years 2003 and 2004.

³⁶ See *Request for Review of the Decision of the Universal Service Administrator by Bishop Perry Middle School, et al., Schools and Libraries Universal Service Support Mechanism*, File Nos. SLD-487170, et al., CC Docket No. 02-6, Order, 21 FCC Rcd 5316, 5316-17, 5319-20, paras. 2, 9 (2006) (*Bishop Perry Order*). Moreover, as noted in the *Bishop Perry Order*, many applicants contend that the application process is complicated and time-consuming, and the Commission has started a proceeding to address, among other things, modifying the application and competitive bidding process for the schools and libraries support mechanism. See *Comprehensive Review of Universal Service Fund Management, Administration, and Oversight, Federal-State Joint Board on Universal Service, Schools and Libraries Universal Service Support Mechanism, Rural Health Care Support Mechanism, Lifeline and Linkup, Changes to the Board of Directors of the National Exchange Carrier Association, Inc.*, WC Docket Nos. 05-195, 02-60, 03-109, CC Docket Nos. 96-45, 02-6, 97-21, Notice of Proposed Rulemaking and Further Notice of Proposed Rulemaking, 20 FCC Rcd 11308, 11325, para. 40 (2005) (*Comprehensive Review NPRM*); *Bishop Perry Order*, 21 FCC Rcd at 5319-20, para. 9.

³⁷ We estimate that the appeals granted in this order involve applications for approximately \$3.35 million in funding for Funding Years 2004-2007. We note that USAC has already reserved sufficient funds to address outstanding appeals. See, e.g., *Universal Service Administrative Company, Federal Universal Service Support Mechanisms Fund Size Projections for the Fourth Quarter 2008* (Aug. 1, 2008). Thus, we determine that the action we take today should have minimal impact on the Universal Service Fund as a whole.

³⁸ In the case of one Petitioner, Clarksburg-Harrison Public Library (Clarksburg-Harrison), we also find good cause to waive section 54.720 of the Commission’s rules that establishes deadlines for affected parties to seek review of decisions issued by USAC. 47 C.F.R. § 54.720. Clarksburg-Harrison indicates that it was given different advice by the Commission and USAC regarding the proper procedure for filing its appeal and, by the time it determined the proper course of action, its appeal was late. *Request for Review by Clarksburg-Harrison Public Library* at 1. Specifically, Clarksburg-Harrison said it contacted USAC by phone and was told to file its appeal with the Commission. *Id.* The Commission subsequently told Clarksburg-Harrison to file with USAC “to obtain a case number.” *Id.* When the library eventually filed its appeal with USAC, it was 16 days late. *Id.* We find that the conflicting advice given to Clarksburg-Harrison hampered its ability to file in a timely manner. Had USAC or the Commission originally accepted Clarksburg-Harrison’s appeal, it would have been timely filed. Furthermore, Clarksburg-Harrison was only a few days late in filing its appeal and has demonstrated that it was making a good-faith effort to comply with the E-rate program’s procedures. Therefore, consistent with precedent, we find good cause to waive the filing deadline from section 54.720 of the Commission’s rules in this instance. See, e.g., *Request for Review by Benavides Independent School District*, File No. SLD-348268, CC Docket No. 02-6, Order, 21 FCC Rcd 12910 (Wireline Comp. Bur. 2006) (granting a waiver request when applicant did not receive notice of the requirements for filing an appeal in accordance with Commission rules).

10. Appeals Granted on the Merits. We also grant 11 appeals because we find that the applicants were either in compliance with the Commission's rules or USAC's guidance on contracts.³⁹ Consistent with precedent, we grant one request for review of a decision in which USAC denied funding solely because the execution date of the contract did not accompany the signature lines of both the applicant and the service provider.⁴⁰ Consistent with USAC's current guidance to applicants, we grant four appeals where the Petitioners had contracts signed by the applicant but not the service provider prior to the submission of their FCC Forms 471, or the Petitioner listed the effective date as the date the contract was signed.⁴¹ Finally, consistent with our obligation to conduct a *de novo* review of appeals of decisions made by USAC,⁴² we grant seven appeals on the merits because the Petitioners submitted evidence to the Commission demonstrating that each Petitioner had a valid, signed contract in place at the time it submitted its FCC Forms 471 to USAC.⁴³

11. We emphasize the limited nature of this decision. The Commission's competitive bidding rules serve as a central tenet of the E-rate program. They ensure more efficient pricing for

⁴² See 47 C.F.R. § 54.723.

⁴³ See Request for Review of Cascade Union Elementary School District (noting that, although the wrong documentation was provided for Program Integrity Assurance (PIA) review, a valid contract was in place when the FCC Form 471 was submitted); Request for Review of Clarksburg-Harrison Public Library (providing the valid contract on appeal that was dated before submission of FCC Form 471); Request for Review and/or Waiver of Cleburne Independent School District (noting that it had a "ratified" contract, which is considered a valid contract under its state's procurement laws, before signing the actual contract); Request for Review of Durham Public School District (following North Carolina procurement law that requires only an agreement in writing, not a formal contract); Request for Review of Mosdos Chasidei Square (demonstrating that it had a valid contract when its FCC Form 471 was filed by noting the date at the top of the contract despite a conflicting date next to the signature that was written in several months later); Request for Review of St. Fidelis School (noting that it provided USAC with an unsigned, electronic copy of the contract but providing the correct, signed contract on appeal with the Commission).

telecommunications and information services purchased by schools and libraries and help deter waste, fraud and abuse.⁴⁴ Although we grant the subject appeals before us, our action here does not eliminate the rule that applicants have a signed contract in place when submitting an FCC Form 471. In addition, we continue to require E-rate applicants to submit complete and accurate contract information to USAC in a timely fashion as part of the application review process.

12. Finally, we are committed to guarding against waste, fraud, and abuse, and ensuring that funds disbursed through the E-rate program are used for appropriate purposes. Although we grant the Requests for Review or Waiver addressed here, this action in no way affects the authority of the Commission or USAC to conduct audits and investigations to determine compliance with the E-rate program rules and requirements. Because audits or investigations may provide information showing that a beneficiary or service provider failed to comply with the statute or the Commission's rules, such proceedings can reveal instances in which universal service funds were disbursed improperly or in a manner inconsistent with the statute or the Commission's rules. To the extent we find that funds were not used properly, we will require USAC to recover such funds through its normal processes. We emphasize that we retain the discretion to evaluate the uses of monies disbursed through the E-rate program and to determine on a case-by-case basis that waste, fraud, or abuse of program funds occurred and that recovery is warranted. We remain committed to ensuring the integrity of the program and will continue to aggressively pursue instances of waste, fraud, or abuse under the Commission's procedures and in cooperation with law enforcement agencies.
